

Hats off to Busamed

I want to thank Busamed Private Hospital for their excellent services.

I want to show appreciation to the wonderful staff and the hospital following my knee replacement surgery on Tuesday 30 June. I was absolutely thrilled with the awesome hospital staff.

The hospital and its staff were outstanding – from the porters to the food. It was like a five-star hotel.

On behalf of myself and the other patients in Ward 9, who all underwent knee and hip replacements, I want to thank the hospital and the staff for their wonderful services and awesome food.

I also want to thank Dr JL van den Berg for the successful operation he conducted on me. I could not have wished for better service.
