

BUSAMED PRIVATE HOSPITAL GROUP

Busamed is a proudly South African private hospital group located across South Africa, offering friendly, innovative and cost-effective healthcare in a safe and caring environment.

BUSAMED PAARDEVLEI PRIVATE HOSPITAL

Busamed Paardevlei Private Hospital in Somerset West is a 100-bed acute hospital, housed in an attractive, modern, purpose-built building situated in the historic Paardevlei precinct.

Discovery Health Patient Survey Scores recently rated Busamed Paardevlei Private Hospital as the number one private hospital in the Western Cape!

The medical disciplines offered at Busamed Paardevlei Private Hospital include a range of services such as: cardiology; cardiothoracic surgery; cardiac electrophysiological services; internal medicine; general surgery; geriatrics; orthopaedic surgery; paediatrics; radiology; pathology; plastic, reconstructive and aesthetic surgery; rheumatology; spinal surgery; urology; and a 24-hour emergency centre.

The cardiac electrophysiological services at this facility, along with an experienced electrophysiologist, allow for better diagnosis and treatment of certain cardiac conditions.

The Stroke Unit has also recently been established at the hospital.

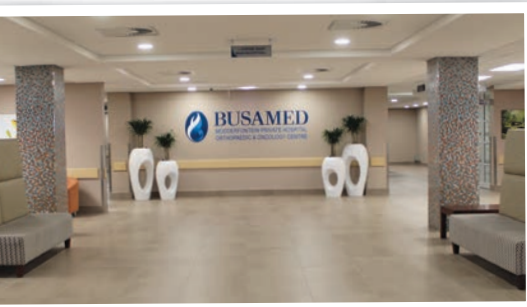

Speciality units include the Cardiac Catheterisation Laboratory, Cardiac Intensive Care Ward, General Intensive Care Unit, Neonatal Intensive Care Unit, as well as the Day Ward, Medical Ward, Surgical Ward, Paediatric Ward and the Maternity Ward.

BUSAMED MODDERFONTEIN PRIVATE HOSPITAL

Busamed Modderfontein Private Hospital Orthopaedic & Oncology Centre is a 170-bed acute multidisciplinary hospital situated in Linbro Park, Johannesburg, in the developing Modderfontein City.

There is a wide range of specialities available at this facility, including: 24-hour emergency centre; dermatology; ENT surgery; gastroenterology; general surgery; gynaecology; internal medicine; neurology; neurosurgery;

nephrology; oncology (radiation and medical); occupational health; orthopaedic surgery; paediatrics and paediatric surgery; pathology, plastic and reconstructive surgery; radiology; sports medicine; thoracic surgery; urology; and a travel clinic.

The orthopaedic specialists at Busamed Modderfontein are experts in their field of expertise, and we use state-of-the-art technology in our Robotic Assisted Surgery – the first of its kind in orthopaedic surgery in South Africa and on the African continent. This is the latest in hip and knee replacement surgery and is available at this facility. There are two expert orthopaedic surgeons who have been trained in the USA on Robotic Assisted Surgery.

The Oncology Centre includes the most advanced technology in radiation therapy used in treating cancer. This includes a RapidArc Varian Unique Linear Accelerator, a new-generation tool that provides even greater speed and accuracy in treatment. Brachy therapy is also available at the centre specifically for prostate, cervical and breast cancer treatment.

We also have an in vitro fertilisation laboratory on site, with a super-specialised gynaecologist/fertility specialist in the team.

BUSAMED HARRISMITH PRIVATE HOSPITAL

Busamed Harrismith Private Hospital is a 120-bed acute hospital. This modern facility rests at the foot of the Platberg mountain, and its convenient location places the hospital on the N3 highway that connects KwaZulu-Natal and Johannesburg.

The geographical positioning of this hospital allows easy access from the N3 highway, especially for emergencies. The Emergency Centre is a Level 2 facility, with two resuscitation bays and is open 24 hours a day. The unit is situated adjacent to the Radiology Department for ease of convenience. Advanced Life Trauma Support trained paramedics are available around the clock, with a response vehicle available for any emergency response.

The Radiology Department offers digital general radiography, bone densitometry, mammography, ultrasound and CT scanner facilities.

Specialty wards include the General Intensive Care Unit and the Neonatal Intensive Care Unit. Other wards include Maternity, Medical, Surgical and Paediatric wards.

Another Busamed hospital due to open in July 2017 is Busamed Bram Fischer Airport Hospital in Bloemfontein. 🍏
